- Week 6 – Holiday Season!

PE: Invasion Games

Use running, jumping, throwing and catching in isolation and in combination. Play competitive games, modified where appropriate [for example, badminton, basketball, cricket, football, hockey, netball, rounders and tennis], and apply basic principles suitable for attacking and defending. Develop flexibility, strength, technique, control and balance [for example, through athletics and gymnastics].

Music –

Playing Instruments - Ukuleles

Art and Design Technology

Mechanisms

Investigate how hinges work. Select a range of modelling materials and tools to make hinged products, evaluating and modifying them throughout.

Painting

Examine in detail a part of a flower using magnifiers and viewfinders before sketching and then enlarging it. Develop the techniques of overpainting and wet-on-wet, as well as make tertiary colours. Respond to the work of artists.

RE:

How are important events remembered in ceremonies?

Explore festivals of light from Judaism, Sikhism, Hinduism, Paganism and Ancient Civilisations.

Consider how some festivals use light as a representation of hope, joy, remembrance, and reflection.

Geography

Rivers and Longitude & Latitude

Human and physical features of rivers and local rivers.
Learn what the longitude and latitude lines are and their locations.
Learn about time zones and how they affect us.
Learn how day and night occurs.

Science: States of Matter

- compare and group materials together, according to whether they are solids, liquids, or gases.
- observe that some materials change state when they are heated or cooled, and measure or research the temperature at which this happens in degrees Celsius (°C)
- identify the part played by evaporation and condensation in the water cycle and associate the rate of evaporation with temperature.
